PROFILE INFO

Starting in 2018 I've been able to work with students looking for solutions and understanding coding concepts, co-founded a start up, and worked as a freelancer. Coding is a passion of mine and I love seeing how much I've improved and grown year after year and I love helping others learn these concepts as well.

WORK EXPERIENCE

Senior Tutor - edx

2018-Current

I've been working with students to help clarify and work past any problems related to both the Full-Stack Web Development and the Data Visualization curriculums.

Boot camp Teaching Assistant

2018-2019

2022-Current

I've assisted in class with both the Full-Stack Web Development and the Data Visualization curriculums. I assist the instructor with the day to day admin tasks and help students during office hours.

Co-Founder/Lead Developer of KICKapps LLC

2021-Current

I plan and build custom web applications for clients. I take lead in planning and building these applications.

MY SKILLS & EXPERTISE
